About MADIC

The first subsidiary of the MADIC Group was founded in Nantes, back in 1971. Now MADIC is the leading producer and service provider for the electronic payment, fuel and alternative energy sector.

With 800 employees in 20 sites across Europe, MADIC is the ideal partner for your project. We can handle whatever you need, from service stations and car-washes to private stations, renovation work and compliance upgrades.

MADIC is committed to growth through sustainable development.

VISION : Places serving people

MISSION : To ensure that your services and products run smoothly, ensuring total client satisfaction

VALEURS : Respect for people, companies and the planet

Know-how

CONCEPTS

Developing innovative products and services for energy distribution

CONSTRUCTION

Studies, new builds and renovations for fuel and car-wash stations

MAINTENANCE

A team of local, fully-qualified professionals are on hand to provide a fast, effective service

INSPECTIONS

A nationwide, independent agency to centralise all of your regulatory inspections
