

PRESS RELEASE

15/09/2019 - for free and immediate release

CARREFOUR chooses exclusively the APL3 Payment Terminal of the MADIC group

After several successes with major oil companies and international retailers, MADIC group has been selected by CARREFOUR to upgrade its service stations's network.

On 31 July 2019, MADIC group won the CARREFOUR tenders for the supply and the installation of Outdoor Payment Terminals, forecourt controllers and Point of Sales on their entire service stations network. CARREFOUR's objective is to comply with the new PCI standards regarding the security of transactions banking. The rollout will run over 2019 and 2020.

Sébastien Herbaut, Executive Director of the service company MADIC explains: *"The MADIC group's solution is customer-focused and has the advantage of a sustainable, scalable and technologically seamless architecture"*. The latest generation of APL3, with its innovative design, will make possible the next functional evolutions and the payment of tomorrow. In addition, its security level is considered as the reference of the market.
